I M P O R T A N T N O T E S F O R A L L B I D D E R S

We would expect that the wise buyer will submit numerous bids, all at levels commensurate with his idea of the value of each lot. On items that he really wants badly, the serious bidder will bid well above the top estimate, recognizing that his bid will be reduced to 10% above the second highest bid, but also realizing that he may be in competition with other seriously interested bidders.

On lots in which the bidder is definitely interested, albeit not ecstatic, he should bid very close to the estimate with his exact bid being determined by his own knowledge and desires. On lots of only marginal interest, the bidder may wish to bid at what he considers to be wholesale level.

In those sections which show a price range for an estimate, the low figure represents a wholesale evaluation, while the high figure indicates what a serious specialist would gladly pay for the lot. Bids less than the lower of the two figures will most likely be unsuccessful; bids above the higher figure will most likely be successful and will most likely be reduced as outlined above (see also paragraph 2 of TERMS OF SALE).

In those sections where only one estimate is given, that estimate is what we believe a fair retail price to be. The estimates in such sections are based on our experience with the particular item; in cases where we may have never previously handled that particular item or items, the estimate may be too high or too low. Generally speaking, our estimates should serve as useful guides, but all bidders should use their own knowledge and experience as the final tools to determine their bids.

We make the following suggestions to all bidders:

- (1) Bid what you wish on each item, but keep the estimate in mind lest you waste your opportunity to acquire an item you particularly desire.
- (2) Bid the maximum bid you would pay for the lot, recognizing that if your bid is high, relative to other bids, your bid will be reduced in accordance with paragraph 2 of TERMS OF SALE.

Requests for additional information, confirmation of the grade, date, mint mark, etc., of any particular items, or any similar individual questions are welcome and will be answered as expeditiously and promptly as possible.

Asterisk (*) indicates plate in Photo Section.

TERMS OF SALE

1. This is a mail bid sale. All mail bids must be received at our place of business not later than 10:00 p.m. Central Daylight Time, September 12, 1974. The highest mail bid for each lot will buy it. The highest mail bid on each lot may be reduced to just above the second highest mail bid (see item 2). On this basis it should be obvious that mail bidders should bid generously, if they are desirous of obtaining any particular lot or lots.

2. Terms of reduction: (a) No reduction will apply to bids of \$10.00 or less. (b) On bids of \$10.01 and up, the highest bid will be reduced to 10% over the second highest bid. For example, if your bid on Lot #100 is \$70.00 and the second highest bid is \$50.00, you will obtain the lot for \$55.00 (or \$50.00 + 10%). However, if your bid is \$70.00 and the second highest bid is \$65.00 then no reduction will apply as 10% over second highest bid will be \$71.50. When reductions apply, amounts will be rounded off to the nearest half dollar.

3. An estimate is given for most lots. These estimates simply represent the owner's idea of the value of the item or our professional opinion as to what each lot is worth. THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER AT YOUR DISCRETION. To further clarify this, please read the notes to bidders which follow. We recommend that if you seriously want a lot, you should bid close to or over the estimate given herein.

4. Auction sales ARE NOT approval sales. Upon submitting bids you agree to abide by the Terms of Sale. Experts have described all lots; any errors made by them will be gladly corrected. Likewise, you are responsible for any errors you make. Returns can only be made with our written approval; request for such must be made within ten days of dispatch of coins by us.

5. Lots will be sent on open account only to customers who have established credit with us. New accounts must furnish satisfactory credit references or include a 20% deposit. New accounts requesting shipment to a post office box or to general delivery must also furnish their home or business address. Bidders who have not established credit with us will be invoiced for their successful bids; lots will be sent upon receipt of payment.

6. Bids should be made only in United States funds. Foreign bidders should advise if special shipping instructions are necessary. Postage and insurance or registration fees will be added to all invoices.

7. All successful bids must be honored in cash funds immediately upon receipt of the lots or the invoice. This is absolutely necessary so that consignors can be reimbursed. Special arrangements for payment are possible if the amount involved warrants such treatment. If this is necessary, please request it BEFORE the auction, not after.

8. All bids are to be made by LOT NUMBER as listed in this catalog. In case of tie bids, preference will be given to the bid with earliest postmark.

9. BankAmericard and Mastercharge may be used to pay for successful bids provided the purchaser agrees to pay the service charge billed to us by our bank on such transactions (3% on BankAmericard and 4% on Mastercharge).

10. 5% sales tax will be added to all San Antonio purchases. 4% sales tax will be added on all lots mailed to Texas addresses outside San Antonio, Texas dealers may deduct the sales tax if they include their exemption number on their bid sheet.

11. Title to all coins will remain with the cataloguer until payment in full is received. All items are guaranteed to be authentic (unless otherwise indicated) and to be listed. Furthermore, the cataloguer reserves the right to accept or reject any or all bids at his discretion.

12. All lots in this auction will be available for inspection by appointment only prior to September 11, 1974.

TERMINOS DE VENTA

1. Este es un remate por correo. Todas las apuestas (o pujas) tendrán que ser recibidas en nuestro lugar de negocio no después de las 10:00 p.m. hora de San Antonio, Texas, del día 12 de septiembre de 1974. La apuesta mas alta para cada lote es la que comprará dicho lote. La apuesta mas alta podrá ser reducida hasta el punto de ser un poco más que la segunda apuesta mas alta (ver artículo 2). Sobre estas bases, es obvio que los compradores deberán hacer propuestas generosas, si están deseosos de obtener cualquiera de los lotes en particular.

2. Términos de reducción: (a) No se aplicará ninguna reducción en apuestas de \$10.00 o menos. (b) Sobre las apuestas de \$10.01 en adelante, la más alta será reducida hasta el 10% sobre la segunda apuesta más alta. Por ejemplo, si su apuesta en el lote #100 es de \$70.00 y la segunda más alta es de \$50.00, usted obtendrá el lote por \$55.00 (o sea \$50.00 + 10%). Sin embargo, si su apuesta es de \$70.00 y la segunda más alta es de \$65.00, entonces ninguna reducción será aplicada, ya que si añadimos el 10% a la segunda apuesta más alta el lote llegaría a costar \$71.50. Cuando las reducciones sean aplicables la cantidad será redondeada al próximo medio dólar.

3. Se ha estimado un precio para la mayoría de los lotes. Estos precios estimados simplemente representan la idea que el dueño tiene sobre el valor del artículo, o nuestra opinión profesional del valor del lote. ACLARAMOS QUE SON SOLAMENTE PRECIOS ESTIMADOS Y QUE USTED PUEDE APOSTAR MAS ALTO O MAS BAJO SEGUN SU PROPIO CRITERIO. Para aclarar este punto, por favor lea los siguientes artículos. Recomendamos que si usted está seriamente interesado en un lote, lo mejor será que apueste cerca o más sobre el precio estimado en este catálogo.

4. Las ventas en los remates NO SON ventas provisionales o para futuras aprobaciones. Una vez que usted somete su apuesta, usted está de acuerdo con seguir los terminos de venta de este remate. Todos los lotes han sido descritos por expertos en la materia; si algún error ha sido cometido por ellos, nosotros estaremos complacidos en corregirlo. En igual forma, usted se hace responsable de cualquier error cometido por su parte. La mercadería puede ser devuelta SOLAMENTE con nuestra autorización dada por escrito.

5. Los lotes serán enviados a crédito solamente a clientes que tienen crédito establecido con nosotros. Nuevas cuentas tendrán que proveer referencias de crédito satisfactorias y preferible 20% de depósito. Cuentas nuevas que soliciten los envíos a Casillas Postales, deberán proveer también sus direcciones domiciliarias o de su negocio. A los compradores que no han establecido crédito con nosotros se les enviará la factura correspondiente por lotes que han ganado y se les enviará la mercadería al recibir pago.

6. Las apuestas tendrán que ser hechas solamente en dólares de los Estados Unidos. Compradores extranjeros tendrán que indicar si hay instrucciones especiales necesarias en la forma de envío. El costo de franqueo, seguro o certificación sera añadido a todas las facturas.

7. Todas las apuestas ganadoras tendrán que ser pagadas por medio de giro o cheque pagable en los Estados Unidos o en efectivo inmediatamente al recibir los lotes o factura. Esto es absolutamente necesario para que los consignadores puedan ser pagados o reembolsados.

8. Haga sus apuestas usando los números de lote (LOT NUMBER) como son usados en este catálogo.

11. El derecho de propiedad sobre todos los artículos queda en poder del catalogador hasta que estos sean pagados completamente. Además, el catalogador se reserva el derecho para aceptar o rechazar cualquier apuesta según su criterio.

GUATEMALA

The following offering of Guatemalan notes constitutes an unprecedented listing of this series not even matched by the offerings in the King Farouk collection of Latin American banknotes presented by us in our August 1972 auction. Many of the notes herein offered were in fact obtained by the consignor from that particular auction. We expect this offering to constitute the best collection ever assembled, giving dates when each particular note was issued. Both Odis Clark's and Pick's catalogs have been used; all notes to follow the same sequence as they appear listed in Clark's book and are crQss-referenced to Pick's book.

INDIA

Bills of Exchange - called Hundi in Indian language. These notes, because of their religious significance were always honored and could be used freely as money. They were official papers and were brought from the Government Treasury for writing and were used when transactions were in hundreds or thousands of rupees (Indian currency). They were used in the period prior to the introduction of the system of currency banknotes by the Government of India under British rule. Stanley Gibbons Auctions Ltd offered a note of this type in 17 Oct 73 auction at 20 pounds (approximately \$48.00).

PANAMA

*587	Panama-Estado Soberano de Panama, 3 Pesos, 21 de Marzo de 1868, black on white, denomination underprinted in brown. Hand signed and dated, allegorical figure standing by picture of sea scene top center of bill, portrait at lower left corner, symbols of port shipping at lower right corner, 192x83mm. This was a short lived issue of Panama as a sovereign state. Although we have been acquainted several times with notes issued by "El Banco de Panama" (which were circulated when Panama was part of Gran Colombia) this is in fact our first acquaintance with a bill of this particular issue and denomination. An extremely beautiful and rare note missing not only in most advance numismatic collections specializing in Panama but an outstanding notaphilic treasure of great historical significance. This note rates as one of the rarest of Puerto Rican notes, so rare, that the only one we could find illustrated was in Gould-Higgie catalog but that particular specimen was in poor raggedy condition and even in that condition it was evaluated in 1962 at \$100.00. All other Puerto Rican notes were then evaluated in price ranges of \$7.50 to \$50.00 each. (Wouldn't it be nice if we could still obtain them at these prices). Much water has passed under the bridge since this book was published and notaphilia is no longer a child in numismatics but a new gradually increasing force in the hobby. We read in Coin World July 7, 1971, of a note from this same bank but in a higher denomination (100 Dollars) from the William P. Donlon's collection having sold in an auction at \$8,750.00. We do not intend to come near this mark nor are we asking for an astronomical bid, however we feel that it will be more than reasonable for this numismatic treasure to exceed the bid of (Vfine) .	1,000.00+

SALVADOR

Many of the following notes are the actual notes photographed in THE COINS AND PAPER MONEY OF SALVADOR authored by Brian R. Stickney and Alcedo F. Almanzar. The notes were then on loan to the authors from Odis Clark and have been consigned by the owner. Worthwhile Salvador notes are seldom offered. This is an opportunity for a serious collector to enhance his collection.

LOT# DESCRIPTION

PAPEL MONEDA DEL GOBIERNO-The following notes were the actual notes which were the subject of a two page write up from THE COINS AND PAPER MONEY OF EL SALVADOR, by Alcedo F. Almanzar and Brian R. Stickney. These notes were a form of money issued by El Salvador in 1877 and only 60,000 Pesos were authorized for payment to government troops, employees, and offices. However, the authors were able to obtain (documentation which is illustrated in the book of extractions taken from Salvadorian newspapers in 1877 in which different shops were advertising to accept them as regular currency.) Since publication of the book the authors have been unable to turn up any other pieces of this money which no doubt emphasizes their rarity.

<u>LOT#</u>	<u>DESCRIPTION</u>	<u>ESTIMATE</u>
	The following notes of Argentina were also used in Bolivia. These notes denominated in "Pesos Bolivianos" and "Plata Boliviana" are generally from the period when Argentina had few circulating coins and Bolivia had few circulating banknotes. They were apparently accepted in all Bolivian provinces which bordered Argentina and were possibly accepted to a certain extent throughout Bolivia. In addition, rumor has it that they were in fact necessary for the large cattle sales which took place between the two countries.

*2129 E111 T11 Y23 8 Soles 1859FJ. One of the most esteemed and rare crowns of Latin America. Existence of this piece first became known when it was listed in Elizondo's book and since then three pieces (all with unusual chopmarks) have been recorded. This piece offered herein is the only one known without the chopmarks. We classify this coin as a great rarity based on our long study of Bolivian coins and doubt that many more pieces will turn up. Perhaps one or two, if any. The specimen illustrated in Krause's publication was a chopmarked specimen obtained by us then for \$1,000 in heated floor competition which was later sold by us. The specimen we are offering now is a new and recent discovery. We think you will agree that rare coins of this nature have doubled and tripled in price in the last two years. We expect this VF specimen, only one free of chopmarks, to fetch a bid in excess of 1,800.00

*2210	Santiago Mint, 8 Reales, Button Coinage. In Rosa's, <i>MONETARIO AMERICANO</i> , one of these pieces is illustrated (#1137), and he described it as having characteristics of a medal. Herrera, in his book, <i>EL DURO</i> , lists this one as Plate 25, #4. Medina lists and illustrates it on page 374 of his book, <i>MONEDAS HISPANO-AMERICANAS</i> . Although it appears that these pieces circulated freely as coinage, they were struck to relieve the usage of regular coinage, then being used as ornaments for garments. An interesting addition to a collection. VF, should bring					200.00

*2220 In our 5001-lot auction with closing date of June 30, 1973, we described another specimen under Lot #4025 as follows: "El T1 C5 8 Reales 1831 Assayer E. This may be the KING! We proudly offer what we believe to be one of the kings of the Latin American 8 Reales and Pesos series. From time to time the "F" assayer (Elizondo #2) of this coin makes its appearance in the market. However, the "E" assayer has been a mystery coin since it first appeared listed in Elizondo's EIGHT REALES AND PESOS OF THE NEW WORLD. We read recently that a Santo Domingo 10 Reales, a coin whose existence puzzled the numismatic fraternity for many years, was obtained by a well-known numismatist and friend. We will hazard to guess that the owner of that coin had to pay in excess of \$20,000 for that piece. We know that the Nuevo Reino 1759JB 8 Reales of which several are known, passes hands at a figure in excess of \$6,000. Santiago Pillars which are offered from time to time sell at around \$5,000. This coin depicting on the reverse the very significant and historical tree, "Ceiba", at which Columbus anchored the Santa Maria; and, on the obverse the five mountain ranges graduated in size with a rising sun, symbolic of the five Central American republics once liberated and forming their own United States of Central America. The coin which we are hereby offering does not have as much ancestral ties with the series of the Spanish motherland. However, we are speaking of a coin which possesses equal romanticism and extreme rarity. Perhaps the key to the completion of the whole of the Central American series." The coin we offered then was an XF specimen which realized \$3,400. This piece grades - obverse VF weak "8", a common trait of the Costa Rican 8 Reales, and reverse XF. Much water has passed under the bridge since that piece was offered. We are no longer amazed by Latin American coins bringing prices in the \$20,000 range. Recently it was headlined in a numismatic publication that a Mexico Luis I 8 Reales 1725-MoD was purchased by a well-known coin dealer for \$36,000. If we were to compare prices at which rare coins realized a year ago and what they are realizing today, we can expect double last year's bid for this piece; however, we are asking for bids no less than 4,000.00

EIGHT REALES AND PESOS OF THE WORLD

LOT#	DESCRIPTION				PERU (CONT)	ESTIMATE
*2490	Paucartambo del Cuzco, Proclamation of Carlos IV, 1790. Silver disc engraved with rustic style design. Unlisted in catalogs by Herrera, Alejandro Rosa, and Medina. The reverse looks quite similar to that shown in Medina #210, but the three-line inscription reads, "Pauca Tanbo d/el Cvzco. A6./d Enero". None of the references list the Paucartambo error in any variant. The bust on the obverse is rather like that in Medina #211, but still different in numerous details. Obv. legend: CAROLUS. IV. D.G. HISPAN. ET IND. PEX. Rev. legend: JURO. ALMAIOR. REI. DEL. MUNDO. 1790. Could be a new discovery in the field of proclamations. At least XF, RRRR. Bids should exceed					1,000.00

*2579	Venezuela Y43 10 Bolivares 1973. The only commemorative coin of Venezuela's 100th year since Barre's portrait of the most glorious South American hero in coinage. A portion of this issue was released at face value, limited to 5 coins per person. Since the first release the remainder of these coins are being held by the Central Bank. Their future is yet to be decided, but most likely one of two things will probably happen. (1) The remainder of the issue will be melted. (2) The coins may continue to be in the Central Bank for cash reserves as it was done in the case of the 10 Bolivares Gold coin of 1930. In the meantime, demand for this coin has continued to escalate and the coin is practically unobtainable in Venezuela. We have seen them offered at retail for as high as \$26.50. BU. .						15-25.00

	<u>COSTA RICA</u>	
*2591	FR-17, Y-34 (Unpriced) 20 Pesos 1873 G. W. ONE OF THE WORLD'S GREATEST GOLD RARITIES. Obverse: Arms and legend REPUBLICA DE COSTA RICA 1873. Reverse: 20 PESOS surrounded by wreath and PESO 32,258 LEI 0,900 G.W. 32.30 grams. We are so proud to offer this preeminent specimen that we have chosen to use it as the centerpiece for our cover. After spending numerous hours researching this coin through our library and contacting several Central American coin specialists, we were only able to account for two other specimens, one whose existence cannot be documented and the other is not for sale. We feel that this coin merits to break any prices previously realized for a single Latin American coin. In recent sales we found that a Paraguay 4 Pesos (Gold) 1867, a coin a fraction of the size of this specimen offered hereby, was offered by World Wide Coin Company for \$8,500.00 in their May 1973 fixed price catalog. In an offering by General Merchandise Company in the March 1973 World Coins magazine, we found a Guatemala 8 Escudos (Gold) 1825 offered at \$25,000.00. Another South American gold coin, namely a Colombian Confederacion Granadina 20 Pesos 1859 (FR82) in XF realized \$6,700.00 in a recent Superior auction sale. It is our opinion that this Costa Rican coin is a more superior and interesting crown-size piece and surpasses any previously offered coin for rarity. We doubt that this specimen is a proof, or that it was even intended to be a proof strike; however, we can easily grade this specimen as AU-Unc. In view of recent record-breaking prices for rare coins, and considering that some Latin American coins are just beginning to receive the recognition that they so richly deserve, we feel that this may be one of the last opportunities to obtain a Latin American gold rarity at what may seem to be a bargain in the not too distant future. It is made known that the owner of this piece will not take less than	12,000.00

- *2598 C-55 8 Escudos 1797. A spectacular discovery! A gold 8 Escudo of the Guatemala mint seldom appears on the market, but this piece is a pattern struck in silver and UNIQUE. It is mentioned in Gaceta Numismatica, publication of Asociacion Numismatica Española, Number 30, Sept 1973, and again in a later issue of this past spring. Chances are that this coin will not come up for sale again, and this could be a once in a lifetime opportunity for the advanced collector. Uncirculated, and should easily bring in excess of 5,000.00
